### **EXAMINER'S AMENDMENT**

An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

Authorization for this examiner's amendment was given in a telephone interview with Edward J. Wilusz, Jr. on 09/08/06.

The application has been amended as follows:

Claim 1, last line, after the word "respectively", the phrase "wherein the manufactured solid pharmaceutical or veterinary dosage form for oral administration is in the form of a tablet, and wherein in step (c) the suitable amount of the powder or granulated which is subjected to compaction contains an intended dose of the active substance" has been inserted.

Claims 7, 10 and 11 have been cancelled.

Claim 27, last line, after the phrase "substance are placed therein", the phrase "wherein the manufactured solid pharmaceutical dosage form is for oral administration in a form of a tablet, and wherein in step (b) the suitable amount of the powder or granulated which is subjected to compaction contains an intended dose of the active substance" has been inserted.

The following is an examiner's statement of reasons for allowance:

The closest prior art, Humbert-Droz, does not teach compacting a powder or granulate containing an intended dose of active substance, placing the compacted powder or granulate in a mold in combination with a solvent, which solvent evaporated and produce a tablet dosage form for oral administration. Humbert-Droz, in contrast, teaches all of the ingredients are dissolved or suspended in a solvent first, and the solution or suspension is placed in a mold and the solvent is then evaporated leaving a solid mass in the mold. Humbert-Droz teaches the process without applying any compression force (the compacting step) (page 5, 3<sup>rd</sup> paragraph).

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Claims 1-6, 8, 9 and 27 are allowed.
